

Upper School Supply List

Although some teachers may have specific requests, all upper school students should have the following basic school supplies:

pens (most teachers prefer blue or black ink)

pencils

a binder with sections

lots of loose leaf paper

6-7 pocket folders (one for each class)

1-2 spiral notebooks

Chemistry students will need a marble composition book (for a lab book)

Calculator for math (for Alg II and beyond)

We recommend that every student use a planner for recording homework assignments. Planners are available free of charge from the Academic Office.
