

# Sunday Robots

Oakwood Friends School

## LEGO MindStorm For Girls & Boys Grades 2-5

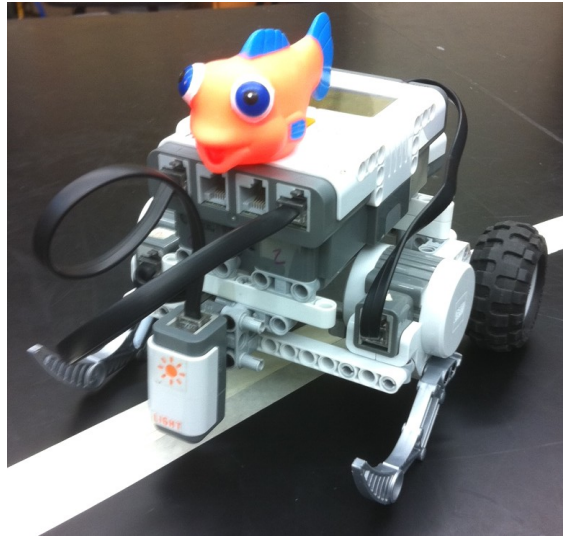

Three Sundays  
this Winter

1pm—3pm

- Jan 15th
- Jan 29th
- Feb 19th

\* snow date Feb 24th

**Free to the  
public!**

Robots are all around us these days. What was science fiction just a few years ago is commonplace today. Do you want a robot to vacuum your floor? No problem! Do you want a robot to park your car? No problem! Do you want a robot to help with homework? No problem!

This winter you can work with inspirational Oakwood Friends School faculty and future engineering students building and programming Lego MindStorm Robots. We will engage in a variety of creative and fun projects ranging from little vehicles to robotic piano players! No previous robot experience needed, just a love of learning. And it is free!

Sign up for all three sessions or just one. Parents, feel free to relax, have a coffee and read the paper while your child builds and works in the lab next door. Space is limited, so please email or call to pre-register.

## Sunday Robots

Oakwood Friends School

**Build a Bot—Program a Computer— Have some Sunday fun!**
